## 4. Respect of fundamental principles and other mobility requirements

The higher education institution(s) located in a **Programme Country** of Erasmus+ must respect the Erasmus Charter for Higher Education of which it must be a holder. The charter can be found here: [https://eacea.ec.europa.eu/erasmus-plus/actions/erasmus-charter\\_en](https://eacea.ec.europa.eu/erasmus-plus/actions/erasmus-charter_en)

The higher education institution(s) located in a **Partner Country** of Erasmus+ must respect the following set of principles and requirements:

The higher education institution agrees to:

- Respect in full the principles of non-discrimination and to promote and ensure equal access and opportunities to mobile participants from all backgrounds, in particular disadvantaged or vulnerable groups.
- Apply a selection process that is fair, transparent and documented, ensuring equal opportunities to participants eligible for mobility.
- Ensure recognition for satisfactorily completed activities of study mobility and, where possible, traineeships of its mobile students.
- Charge no fees, in the case of credit mobility, to incoming students for tuition, registration, examinations or access to laboratory and library facilities. Nevertheless, they may be charged small fees on the same basis as local students for costs such as insurance, student unions and the use of miscellaneous material.

The higher education institution located in a **Partner Country** of Erasmus+ further undertakes to:

### Before mobility

- Provide information on courses (content, level, scope, language) well in advance of the mobility periods, so as to be transparent to all parties and allow mobile students to make well-informed choices about the courses they will follow.
- Ensure that outbound mobile participants are well prepared for the mobility, including having attained the necessary level of linguistic proficiency.
- Ensure that student and staff mobility for education or training purposes is based on a learning agreement for students and a mobility agreement for staff validated in advance between the sending and receiving institutions or enterprises and the mobile participants.
- Provide assistance related to obtaining visas, when required, for incoming and outbound mobile participants. Costs for visas can be covered with the mobility grants. See the information / visa section for contact details.
- Provide assistance related to obtaining insurance, when required, for incoming and outbound mobile participants. The institution from the Partner Country should inform mobile participants of cases in which insurance cover is not automatically provided. Costs for insurance can be covered with the organisational support grants. See the information / insurance section for contact details.
- Provide guidance to incoming mobile participants in finding accommodation. See the information / housing section for contact details.

### During and after mobility

- Ensure equal academic treatment and services for home students and staff and incoming mobile participants and integrate incoming mobile participants into the institution's everyday life, and have in place appropriate mentoring and support arrangements for mobile participants as well as appropriate linguistic support to incoming mobile participants.
- Accept all activities indicated in the learning agreement as counting towards the degree, provided these have been satisfactorily completed by the mobile student.
- Provide, free-of-charge, incoming mobile students and their sending institutions with transcripts in English or in the language of the sending institution containing a full, accurate and timely record of their achievements at the end of their mobility period.
- Support the reintegration of mobile participants and give them the opportunity, upon return, to build on their experiences for the benefit of the institution and their peers.
- Ensure that staff are given recognition for their teaching and training activities undertaken during the mobility period, based on a mobility agreement.

### BEFORE THE MOBILITY

#### Application and selection at Sending Institution

Both institutions exchange factsheets with a detailed description of the mobility procedures (e.g. nomination and application processes, deadlines, language requirements, support services etc.). As can be seen from the above table, the responsibility for the selection process lies with the Sending Institution. The Sending Institution promotes the mobility opportunities among its faculties and institutes, defines guidelines for the application process, collects the relevant application documents, reviews them and then selects the candidates according to the available placements.

The criteria to be applied in the selection process at the Sending Institution are the following and must be published on the home university's info page to guarantee transparency:

1. **Academic performance (students):**  
Here it is important to consider the applicants' transcripts of records.
2. **Motivation letter (students):**  
The motivation letters should be reviewed in terms of the applicants' academic motivation to participate and the reasons given for this motivation.
3. **Language skills:**  
The Home Institution has to check whether applicants have the necessary language level to follow classes/teach courses/undertake the training activity in the language of instruction at the Receiving Institution.
4. **Learning Agreement/Research Plan (students) or Teaching/Training Plan (staff)**

- a. **Learning Agreement (students):** Undergraduates & master exchange applicants must have listed at least 3 ECTS per month of stay to be recognized by the Sending Institution. PhD applicants as well as master applicants focusing on research must include a research plan the workload of which must be equivalent to 3 ECTS per month of stay. Please consider: The full work load for one semester consists of 30 ECTS.
  - b. **Teaching/Training Plan (staff):** A description of the proposed teaching or training activity.
5. **CV (students, staff)**
6. **Invitation Letter (staff):** Applicants should establish contact with a colleague at the Receiving Institution before applying and submit a letter of invitation (or correspondence to that effect) with the application.

### Nomination to the Receiving Institution

The Sending Institution **nominate**s the selected candidates by email to the Receiving Institution providing the relevant information as requested by the deadline communicated in the respective factsheets. Sending scanned documents is acceptable.

In the case of students, the Receiving Institution performs an admissions check and then provides information to the candidates concerning the application process and the necessary preparations for the mobility.

As soon as the complete application documents have been sent, the Receiving Institution will issue the acceptance letter and visa/residence permit letter for the students. The grant agreement will be provided at the student's arrival.

In the case of staff mobility, the Sending Institution nominates the candidates by signing the Staff Mobility Agreement of the candidate and forwarding a scan to the Receiving University which in turn confirms the nomination by signing the Staff Mobility Agreement as well. Afterwards the nominee receives information on accommodation and the visa application (if applicable) from the Receiving Institution. The University of Graz provides the Grant Agreement for both Incoming and Outgoing Staff grantees. It will be issued shortly before the beginning of the mobility and in any case only after the fully signed Staff Mobility Agreement is received. The Incoming staff grantee to the University of Graz signs the Grant Agreement before the start of the mobility and sends a scan to the University of Graz.

### Preparation of the mobility (mobility candidates)

Students have to apply for housing either via the housing office of the Austrian Exchange Service (OeAD) or at the dorms directly. NON-EU/EEA citizens nominated for 1 semester - stay need to apply for a visa D via the Austrian embassy in their home country before departing for Austria. Visas CANNOT be applied for or extended in Austrian Students have to contact the Austrian embassy in their country of residence for more information.

In addition, non-EU/EAA exchange students nominated for 1 semester are free to choose their insurance as long as this insurance is in accordance with the requirements for an Austrian visa application. For details students have to contact the Austrian embassy in their country of residence. The insurance must also cover your journey to Graz including medical evacuation and repatriation. Students have to make sure to arrange their arrival (bus/flight ticket) accordingly to the starting date of the mandatory welcome week.

The Receiving Institution will also send further information on organizing the mobility to the incoming grantee

In the case of staff mobility, the Receiving Institution will assist the grantee with information on housing, insurance and visa (if applicable). Please note that staff grantees from non EU-member states coming to the University of Graz have to apply for a visa.

### DURING THE MOBILITY: Scholarship payment/Grant Agreement; Learning Agreement; Staff Mobility Agreement for Teaching/Training Students: Payment of scholarship and travel grant/Grant Agreement

The first 70% of the scholarship will be paid upon arrival once the student has opened up a bank account and signed the Grant Agreement.

The final 30% of the scholarship will be transferred after the student submits the final documents (report, changes to the learning agreement signed by all parties). The travel grant will be transferred together with the first scholarship payment.

### Students: Learning Agreement and changes

The necessary steps after the grantee's return involve Sending and Receiving Institutions and form the basis of the successful recognition of the academic achievements into the degree at the Sending Institution.

By signing the learning agreement and – if applicable – the changes to the learning agreement, the Sending Institution confirms that the activities listed in the learning agreement are approved and will be recognized at the Sending Institution once the student returns from his/her mobility. This document together with the transcript of records will form the basis for academic recognition at the Sending Institution after the mobility.

### Staff: Staff Mobility Agreement for Teaching/Training

The teaching/training staff member and the Receiving Institution will communicate to the Sending Institution any problems or changes regarding the proposed mobility programme or mobility period.

### AFTER THE MOBILITY

The Receiving Institution issues a transcript of records or corresponding documents such as achievement confirmations for students or a confirmation of stay for staff grantees.

The Sending Institution ensures the recognition of courses taken (bachelor, master, PhD) or recognition of the research activities (PhD) carried out at the Receiving Institution. For documentation purposes towards the European Commission, the Saint Petersburg State University commits to providing the University of Graz with proof of the full recognition of the courses students have taken at the University of Graz into their studies at the home university no later than 5 weeks after the receipt of the Transcript of Records.

As for staff grantees, the Sending Institution recognises the Erasmus+ teaching/training mobility as a component in any evaluation or assessment of the (teaching) staff member.

All mobility grantees have to submit an online report in the EU mobility tool database.
