Rector of Saint Petersburg State University

Dear Sir,

The agreement of scientific cooperation signed between our institutions in April 2004 is running out.

According to item 10, the agreement can be renewed by written consent of the parties.

I remind you that the aim of the agreement is the reciprocal exchange of research teachers and students in the field of Humanities and Social Sciences.

I really wish to continue the collaboration between our two universities; this is the reason why I suggest you to renew our agreement for a duration of four (4) years.

If you agree with my proposal, I would be most grateful to receive your letter of acceptance in return.

I look forward to hearing from you soon.

Yours sincerely,

Georges MOLINIÉ
