

ÖSTERLENS FOLKHÖGSKOLA

Memorandum of understanding

About cooperation in education, culture, students and teachers exchange between Österlens folk high school and Saint-Petersburg State University, Faculty of Geography and Geo-ecology. The cooperation is suggested to start up from spring 2010.

Main area for cooperation:

Education and culture projects within Russia and Sweden in following regions: Caucasus, Central Asia and Europe.

Cooperation areas:

- Development of international education programs
- Teachers and students exchange
- Common education and culture projects
- Research cooperation
- Participation in conferences and meetings in Russia and Sweden
- Publication exchange
- Fund-rising for common projects
- Language teaching and education materials in Russian and Swedish
- Distance learning
- Common field-studies

Terms of cooperation:

Teachers and students exchange start with invitation from the receiver/host side. The host guarantees the stay and delivers the invitation for Visa. Students take responsibility for financing accommodation and transport.

Both parts work for different finance sources for all areas of cooperation.

The course "Eurasia studies" is run in cooperation with Malmö University, International Migration Ethnic Relation department (IMER) Course covers following subjects: International relations, Conflict studies, Migration issues, Ethnic relations, Geopolitics, Culture and Economy.
